GREEN FIELD SCHOOL (GFS)-

- # **GFS** is a learner-centric, **inclusive educational** institute based in Dehradun (North India).
- # Primary objective of **GFS**, is to promote and provide **quality education** in alignment with **GOAL 4** of the **UN Sustainable Development Goals (SDGs)**.
- # **GFS** is dedicated to equipping future generations with the latest advancements and **state-of-the-art technologies** (ICT, AI, Robotics, ML).
- # Fostering a nurturing learning environment that encourages **creativity and innovation**, free from discrimination based on **caste, color, class, gender, abilities, or disabilities**.
- # **GFS** is also promoting **social and emotional** learning, **STEAM education** with international networking partners.

GFS & INCLUSION

At GFS, *inclusion (special education)* and *diversity* represent the opportunity to learn from one another, showcasing the beauty and strength that comes from our differences.

Inclusion is not just a program; it's a *mindset that shapes* how we treat others and how we are treated in return.

For GFS, Inclusion is not merely a *policy, program*, or headcount; it's a *challenge, a passion, and a commitment* to the society.

Why Inclusion & Diversity in Education?

- # According to “**United Nations Convention on the Rights of Persons with Disabilities (UNCRPD)**”, **GFS** is working on **inclusion & diversity** for children with Spl. Needs
- # Working in the lines of **Global Goal No. 4** (Quality Education) & **GFS** ensure **inclusive and equitable** education while promoting lifelong learning skills and opportunities for all.
- # **GFS** has been working in this field (**Inclusive Education**) for the past 15 years, supporting students with various kind of disabilities (**Down Syndrome, ADHD, Autism Spectrum Disorder (ASD), Cerebral Palsy etc.**)
- # So far, over **1,000 plus students** with special needs have benefited from our inclusive education program “**Ham Saath Saath**”, successfully.

हम साथ –साथ/Ham Saath-Saath

Inclusive Communication, Education & Empowerment Project

Understanding the seriousness of this issue, as a responsible educational institute GFS launched its 1st Inclusive Education project “**Ham Saath-Saath**” (HSS), in Uttarakhand in 2009.

So far more than **1000 plus students** with Spl. needs (**Intellectual disabilities**) got their mainstream education with us and transformed their life.

Project HSS, was selected & supported by the leading public sector unit **ONGC** under their **strategic CSR framework**, which enables GFS to implement the project successfully, build capacity for teachers, caregivers, and develop a master resource center focused on **inclusion & accessibility**.

Project HSS is also promoted by **Salzburg Global Seminar** & **The Nippon Foundation**, Japan as collaborative initiative between India and Japan.

GFS Values....

Offer Service & support for **Person with Disability**

Early **Identification & intervention** using **Tech Tools**.

Social, Emotional & Empathic approach for children with Spl. Needs (CWSN) & their parents & caregivers.

Advocacy, Awareness and Sensitization for Disable friendly policies.

Networking and partnership with **like minded organisations & professionals**.

Innovative approach and state of art **technological** interventions to support accessibility of **PwD**.

Exchange program & Volunteerism for students, teachers & others (**national & international**)

GFS & UN SDGs

We are working in the lines of **Global Goal-4 (UN)** to ensure **inclusive and equitable quality education** and promote lifelong learning skills for all

Center of Excellence (CoE) - GFS has been working to setup CoE for “**Inclusive Education Practices**” for knowledge sharing through **networking and collaboration** with domain experts, universities, research scholars, volunteers, Govt, and NGOs/CSOs at national and international level. Few of them are as follows:

Salzburg Global Seminar, Austria

The Nippon foundation, Japan

Jiyugaoka Gakuen High School, Tokyo Japan

Arizona State University, USA

Kidaura (AI based Early Identification & intervention App), India

Pooja Kajal Foundation, Netherlands

Pree Parumaul, S. Africa.

Aryavarat Center for Autism. India/Germany

Society for Inclusive Development (SFID)

Solution, Innovation & Impact ...

To keep **children with special needs** engaged constructively, GFS regularly organizes therapy classes. The impact of these therapies & interventions is clearly visible. Following interventions and therapies are conducted regularly at GFS

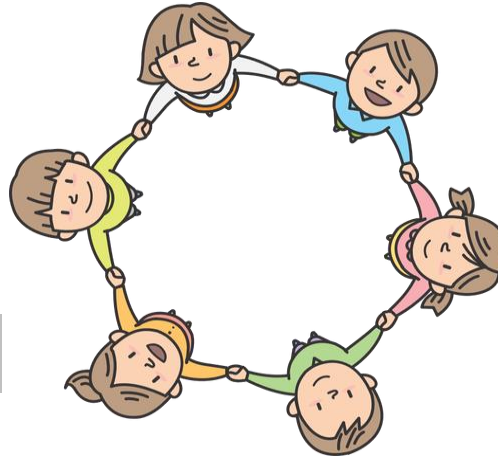

Physiotherapy

Music & Culture Therapy

Speech Therapy

Occupational Therapy (OT)

Yoga Therapy

Sports4Development (Spl. Sports)

Art & Creative Therapy

Social & Emotional Therapies

Participatory Approach through Festivity and other social interactions & Communication

Innovative technology and **strategic partnerships** for setting new standards in global education, emphasizing **inclusivity, ethical learning, and emotional intelligence** to prepare students for a **harmonious global future**.

Education, Awareness, Capacity Building & Advocacy

In order to create awareness on disability related issues, GFS is regularly conducting ***educational and awareness*** programs for various stakeholders, organizing rallies & capacity building programs, brainstorming sessions in order to ***sensitize concerned stakeholders.***

ग्रीन फील्ड स्कूल के दिव्यांग बच्चों ने दी रंगारंग प्रस्तुति

जागरण संवाददाता, देहरादून : विश्व दिव्यांग दिवस के अवसर पर डालनवाला स्थित ग्रीन फील्ड स्कूल के दिव्यांग बच्चों ने सांस्कृतिक कार्यक्रमों की रंगारंग प्रस्तुति दी। बच्चों की ओर से प्रतिवर्ष तीन दिसंबर को मुख्य रूप से दिव्यांगों के प्रति लोगों के व्यवहार में परिवर्तन लाने और उन्हें अधिकारों के प्रति जागरूक करने के लिए दिव्यांगता दिवस मनाया जाता है। शनिवार को स्कूल में कार्यक्रम के मुख्य अतिथि डा. महेश भट्ट ने दिव्यांगता पर

विश्व दिव्यांग दिवस पर विद्यालय में किया गया आयोजन, दिव्यांगों के प्रति आमजन के व्यवहार में परिवर्तन लाने को किया जागरूक

विचार रखे। उन्होंने छात्रों की ओर से प्रस्तुत कार्यक्रम की सराहना करते हुए समाज में जागरूकता लाने की बात कही। बैंक आफ बड़ौदा की शाखा प्रबंधक निशा गौतम ने प्रतिभागियों को पुरस्कृत किया। विद्यालय की प्रधानाचार्य रीना जग्गी ने छात्रों का हौसला बढ़ाया।

CSF SPECIAL

ONGC, DEHRADUN TO SUPPORT "SFID" FOR INCLUSIVE EDUCATION PROJECT "HAM SAATH-SAATH"

Despite considerable achievements during a journey of seven decades of affirmative actions in education, legacies of discrimination, marginalisation and denial are still enmeshed in Indian Social Composition. Although Equality is a fundamental right guaranteed in the Indian Constitution for every citizen of the country, yet have failed to cope with inequalities at different stages. Our already divided society is also facing another kind of divide between "People with Special Needs" & "People with No Special Needs".

According to survey out of 700 million disabled persons of the world, approximately 10 percent of them are in India alone, making India home to a large population of people with various kinds of disabilities. Due to lack of awareness, education and social stigma (by Schools, Parents, teachers, students, community, decision makers, NGOs), a large number of "People with Disabilities" are not able to join the mainstream for their development, are unaware of their rights and are either isolated, discarded, dumped or lead an un-dignified life without the support and services they need to be successful. This sector has also not received adequate attention from decision & policy makers to design and develop "Pro-Disabled" Education policies at an early stage.

Understanding the seriousness of the issues and following UN's Convention on the Rights of Persons with Disabilities (CRPD), Dehradun based Civil Society Organisation "Society For Inclusive Development (SFID)" has taken initiative to bridge this gap and undertaken a pilot model "Ham Saath Saath (We are together)" an inclusive schooling project for "Children with Special Needs".

India's leading Maha Ratna PSU "ONGC" came forward and extended their support under their CSR framework to establish pilot project at "Green Field School (GFS)", Dehradun. After initial base line survey under Project "Ham Saath Saath (HSS)", SFID identified children with various kind of disabilities, who needs Inclusive model of education, where children with special needs can learn with their counterparts in the same classroom and school.

We are thankful to ONGC, a leading Maharatna company for being sensitive towards the issue and extending their CSR support for such an important and essential project, said Dr Jaggi. In the last two month, we were able to register 25 plus children with various kinds of disabilities i.e. **dyslexia, down syndrome, autism, cerebral palsy, ADHD, slow learner** etc. Dedicated and trained Special Educators are hired to teach them with compassion. Additional support staff like **speech therapists, music and yoga teachers** are also hired and trying various methodologies to handle these students and improve their learning skills through their peers, said Dr. Anil Jaggi. Special resource room is also designed, software, sensory toys, interactive books, musical instruments are purchased to support this program said Ms. Himani Rana, Special Educator for HSS project.

We are so happy and thankful to SFID & ONGC for launching & supporting this unique project, where children are learning together with interest. In such short period, we are encouraged to see shift in behaviour for my Child after attending Inclusive school "HSS" at GFS said Ms Meenakshi Garg, mother of Priyam, child with low vision & slow learner. Like wise many more parents are coming and seeking counselling for their kids, who are not able to join regular school or denied admission in other normal school. In this project, which will not only bring tangible changes among children with special needs, it will also help parents to understand this sensitive issue for their own children said Himani Rana, Special educator. So far, this is only project of its kind in the region and we are happy that Green Field School is selected to run this pilot project said Ms. Reena principal, GFS.

Under HSS project, every child is welcomed and valued regardless of ability or disability. It is an attitude which means the doors to school, classroom and school activities are open for every child and they are provided every opportunity to be Included with their non-disabled peers and every child is given the help she/he needs to learn, said Dr. Anil Jaggi, Head SFID.
